

Mrs Richards

Supply List for Science 7, 8 & 9

Dear Parents and Guardians of incoming science students

I would like to introduce myself, I am Mrs Richards and I am very excited to be joining Oyster Pond Academy in September. I am preparing to provide an enjoyable and engaging science experience this year, which will involve both work in class and practical scientific investigations.

I kindly request that each student acquire their own personal set of supplies in preparation for the year.

I look forward to getting to know your child through their science work and supporting them as they grow in their investigative skills.

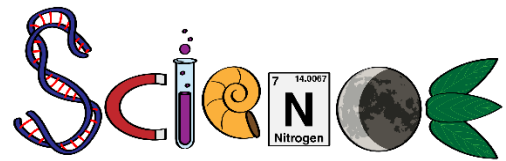

Please let me know if you have any questions or need assistance finding materials, or just feel welcome to contact me.

Thank you in advance.

Sarah Richards

Oyster Pond Academy

Personal supplies for each student to acquire.

- 3 x Hilroy Scribblers (Grade 7 & 8)
- 4 x Hilroy Scribblers (Grade 9)
- Hilroy scribblers need to be at least 32 pages each and are needed for class notes, (one scribbler for each unit). These are available from Walmart, Staples, etc.
- 1 x duo tang with fasteners for scientific investigations. These are available from Walmart, Staples, etc.
- Space in a binder to keep the scribbler.
- Dividers
- Calculator (with name on it)
- Glue stick(s)
- Pencils (enough to last for the year)
- Ruler (with name on it)
- White Erasers x 6
- Coloured pencils
