

# Oyster Pond Academy

## Curriculum Night

# Oyster Pond Academy

**OPA boasts a committed, compassionate and hard-working staff squarely focused on supporting students and working collaboratively in partnership with you.**

# OPA Home and School

**The OPA Home and School Association is a committee of parents, just like you, who are committed to raising funds for the school and hosting events to enliven community spirit.**

# OPA SAC

**The OPA SAC (School Advisory Council) is an elected committee that assists the administrators of the school to create policies, guidelines and explore issues that affect students' education.**

# **OPA SAC Elections**

**All seats on the OPA SAC are filled for a TERM, which is typically three years.**

**We are also often seeking community members who are non-employees and have no children at OPA, to participate. Please let us know if you, or someone you know, may be interested in this important role.**

# **OPA- Safe and Orderly Environment**

**We believe the feeling of a safe and orderly environment is partly due to the many programs we offer which promote positive behaviour in our school such as Learning Buddies, school-wide assemblies and PEBs draws!**

# **OPA- Family and Community Environment**

**Our volunteers are instrumental in organizing and operating important events and programs such as our breakfast program, and our Halloween Howl to name a few.**

**The success of our HandS and SAC is directly attributed to the work of our deeply committed volunteers.**

**Our partnerships within the community, such as those with the Superstore, the RCMP, and our neighbouring schools to name a few, are invaluable to the services and support we are able to provide our learners!**

# **OPA- Student Success Plan**

**We take great pride in our students' successes and accomplishments. There is much to celebrate here at our school!**

**However, we also know that we can always do even better. We are very dedicated to demonstrating our continued improvement. We work to identify what our students are doing well, and what areas need further attention and improvement.**

# OPA's Goals

- In **Literacy**, we are focusing on reading. We want our students to be better able to *think critically about what they read, reflecting on this from their own personal perspective*. This is an important skill that will impact their ability to succeed not only in any subject, but in life!
- In **Mathematics**, we are focusing our school improvement efforts on improving our students' fact fluency, the ability to think about and apply number sense flexibly. Again, this is a skill that will benefit them no matter what the future holds!
- In relation to **Well-Being**, we are focusing on students' social-emotional learning, as it impacts both their inter-and intra-personal relationships.

# THANK YOU!

**PLEASE be reminded to check the OPA  
website frequently!**
